If your financial aid officer is unable to sign this form, please arrange for us to receive written verification (i.e., an award letter and/or loan guarantee) of your financial aid from each funding source.

Please note: You are responsible for paying the full IFSA-Butler program fee on or before the scheduled payment deadline. Upon receipt of written verification of the amount and release date of your aid from each of your financial aid funding sources, we will grant temporary deferral for that amount and expect payment of only the remaining balance due by the scheduled payment deadline. You are, however, responsible for payment of the full program fee, including any promised aid that we do not receive.
