* University orientations are administered primarily or in part by IFSA-Butler staff in Chile.

These dates are correct as of March 22, 2011, but must be regarded as provisional, given the mutability of Chilean university calendars.

Upon arrival at the host institution, students should check the program end dates for changes before confirming return travel plans. End dates vary from department to department, and students must complete all course obligations prior to departure. In addition, students should not make plans to travel on the final day of exams since there may be exams **on** that day.

Program housing is available only until the date listed as "Last Day of Paid Housing" on the calendar.

Exams must be taken where and when scheduled. Under no circumstances may students request that an exam time be changed. In Chile, exams are taken under formal examination conditions, and changes cannot be made for individuals. Students will not receive extra time to complete exams.
