

### **How do I prepare a portfolio?**

You must prepare a portfolio to accompany your application to the Burren College of Art. The portfolio should consist of six to 10 slides of your recent artwork. The work can be all in one medium or from several different mediums. The slides should be numbered, named and accompanied by a corresponding slide list. The slide list must detail the number, title, date of the work, medium of work and the dimensions of the work, if possible.
